

CLOSE OF THE CAREER OF JOHN SHERMAN OF OHIO

He Entered Into Public Life in 1843, and Was One of the Foremost Statesmen in the United States.

THREE TIMES CANDIDATE FOR PRESIDENT

He Was Secretary of the Treasury Under Hayes, and Secretary of State Under McKinley—Died Early This Morning at Washington.

HON. JOHN SHERMAN.

Washington, Oct. 22.—John Sherman died at 6:45 o'clock this morning. The venerable statesman passed away so quietly that those who were in the room were not aware of it until informed by Dr. W. W. Johnson, who was holding Mr. Sherman's hand.

Mrs. James R. McCallam, an adopted daughter; her husband; Crampton Sherman, son of the late Gen. Sherman; Mr. and Mrs. Hoyt, nephew and niece were also present. General and Mrs. Miles had left the house shortly before.

At midnight the senator lapsed into unconsciousness that lasted until he breathed his last.

Remains go to Mansfield.

No definite plans for the funeral have been made. The remains will probably be taken to Mansfield, O., but it is probable that the services will be held here to permit friends to pay their last tributes to his memory, in which case the president will probably defer his return to Canton in order to attend.

The condition of ex-Secretary Sherman showed a decided change for the worse yesterday and it was not believed that he would survive the night.

His naturally enfeebled condition refuses to yield to the treatment given him, and he was gradually sinking.

Showed Extraordinary Vitality.

However, he showed extraordinary vitality for a man of his age, and because of this it was thought possible he might live through the night, though early in the evening his physician thought this hardly likely.

Dr. W. W. Johnston came to the house early in the evening, and was in constant attendance to relieve the needs of the dying man.

President Offers Condolence.

At 9:40 o'clock the president went alone to the Sherman residence to offer his condolences. As soon as the president returned to the White House he gave orders to close it to visitors and called a special meeting of the cabinet when resolutions will be drawn. Mrs. McKinley called at the Sherman residence and left her card. President McKinley decided to attend the funeral at Mansfield and not delay his trip to Canton.

Proclamation by McKinley.

The cabinet decided to send an escort of honor with the remains to Ohio composed of officials from the state and treasury departments. Later the president issued a proclamation reciting the services of the distinguished dead to the country and ordering the flag half-masted on the day of the funeral and for ten days on all public buildings.

Hanna and Jones Regret.

Chicago, Illinois, October 22.—General regret is expressed in both republican and democratic headquarters over the news of the death of Sherman. Hanna said he always regarded him as one of the ablest and most conservative statesmen in the

country. His own splendid record would be a most lasting monument to his memory. Jones said he regarded Sherman the wisest republican in public life; he thought the getting of Sherman out of the senate by what he considered a trick was the most heartless thing any honored servant ever was subjected to.

John Sherman entered public life in 1843 as a delegate from his native state, Ohio, to the Whig convention which nominated Zachary Taylor for president. From that day until his resignation in 1897 from President McKinley's cabinet he was one of the foremost statesmen of America. Twice he was in the cabinet and three times he was a candidate for president of the United States. In 1861 he was elected to the United States senate from Ohio and served until 1876 when he became secretary of the treasury under Hayes' administration. He again entered the senate in 1880 and continued to be a republican leader on the floor until his final resignation, to become secretary of the state under President McKinley and the vacancy was filled by Senator Marcus A. Hanna.

Mr. Sherman devised the plan for resuming specie payment and practically framed the bill by which the resumption was to occur, June 1, 1879. When he first became secretary of the treasury in 1876 his first move was to begin the accumulation of a great stock of gold with which to pay specie for paper. Six months before the time he had accumulated in the treasury \$140,000,000 and had the satisfaction of seeing paper money gradually rise in value till gold no longer brought a premium.

Mr. Sherman was born in Lancaster, Ohio, May 10, 1823. He is a descendant of Roger Sherman, one of the signers of the declaration of independence, and a brother of William Tecumseh Sherman, the illustrious soldier. In 1860 he framed the bill authorizing the treasury notes of 1860.

SIX KILLED IN A TORNADO.

Storm Cuts a Swath Through Texas, Carrying Everything Before It.

Atlanta, Texas, Oct. 22.—A tornado struck about half a mile west of Lodi and fifteen miles west of here. The path of the tornado was 200 yards wide and the wind swept everything before it. One house in the center of its path, occupied by colored people, was destroyed, six persons being killed outright, and three others are missing who are supposed to be dead. The cyclone traveled from the southwest to the northwest, crossing the Texas and Pacific railroad at Campbellsville Spur, a lumber-loading station two miles north of Lodi. The lumber was carried in all directions. It is feared further loss of life has resulted out in the country. A hard rain fell here

MUCH SURPRISE FELT IN FRANCE

That Nation is Greatly Excited Over Anglo-German Compact.

IN A DEAL WITH RUSSIA

Alleged That Immediate Result Will Be Intervention in the Transvaal.

SETS ALL EUROPE THINKING

Paris, Oct. 22.—News of the Anglo-German convention fell like a bombshell in France and was an absolute surprise to the government and the French nation. At the Quai d'Orsay a personal interview was had with Minister Delcasse who was just entering the foreign office, and an air of suppressed excitement pervaded the place, leaving no doubt that the convention had been a most disagreeable surprise. Minister Delcasse, in reply to a question as to how the convention was regarded by the foreign office, said: "It is the first time in diplomatic history that in so grave an international question and after so many collective negotiations two nations have formed a separate compact apart from the rest, evidently wishing to settle the Chinese problem alone. At this moment we do not officially know of the English note, which was not communicated to us. The note, however, seems useless, because the French government has never had any desire to take any undue advantage of China or to annex any part of the country. Our policy is that of the open door. We are in perfect accord with the United States on that question and cannot as yet give details upon a diplomatic subject of which we have no official knowledge. But a public note will be issued within the next twenty-four hours bearing on the questions arising from the new situation that has been created."

England Afraid of Russia.

From another equally reliable source the following statement was obtained: "Without doubt England has been afraid that Russia would imitate her own policy toward Egypt and keep Manchuria, despite her word not to. The French Foreign department believes that the German government, vexed by the recent failure of the German proposition, has accepted the English proposition, which is evidently directed against Russia acquiring any important compensation. The entire Chinese question is now changed, and the position of Count Waldersee will be extremely difficult because the Anglo-German agreement is the signal for European disunion."

May Intervene For Boers.

Minister Delcasse today had a long and important interview with the Russian ambassador, and it is reported that the first answer of Russia to England will be direct intervention in the Transvaal question and a cordial recognition of the demands of Kruger.

MADISON CRUSADE AGAINST GAMBLING

Church People Will Fight Crime in the State Capital—Business Men Are Indignant.

Madison, Wis., Oct. 22.—It is reported today on what appears to be good authority that the church people of Madison are about to organize a vigilance committee to suppress gambling in this city. It is said that a meeting of prominent church workers will be held some time this week to inaugurate this movement.

Dr. E. G. Updike of the Congregational church, in his sermon this forenoon, criticized the management of the carnival and street fair held here last week, and the city administration for some of the shows which were allowed to give exhibitions. He also blamed the entertainment committee and also Mayor Hoven. Dr. Updike defended a local paper for describing the shows and their locations, by saying that he considered publicity the only way in which church people could protect themselves.

It is reported that an indignation meeting is to be held early this week to express the strong feeling among the business men on the attacks made on their management of the carnival. They point out that the people who are offering criticisms are chiefly those who did nothing to make the carnival a success, and they are unwilling to remain quiet under the attacks being made upon them.

Gen. Wood at the White House.

Washington, D. C., Oct. 22.—Major-General Leonard Wood, military governor of Cuba, has arrived in Washington from New York. He called at the white house and had a comfortable conference with the president.

TO OFFSET EFFECT OF BRYAN TOUR

Roosevelt Starts on a Two-Weeks Trip Through New York State.

HIS VOICE IS SHAKY

Bryan Begins the Week at Huntington, W. Va.—Starts by Roasting Teddy.

HANNA BRINGS GOOD REPORTS

New York, Oct. 22.—General Roosevelt started at eleven o'clock this morning on a special stumping tour of New York state which will last two weeks and the republicans are hoping the trip will offset the effect Bryan's tour may have had. The candidate it is said is in excellent shape for the tour but looks worn from his western campaign. His voice is hoarse and shaky. Today's itinerary opened at Nyack and closes at Kingston.

Bryan Roasts Roosevelt.

Huntington, W. Va., Oct. 22.—After breakfasting at the home of Judge Hayve, Bryan went to Ninth and Fourth streets this morning where he reviewed a parade after which he spoke from a stand at the Carolina Hotel to 7,000 people. He declared that Esau had sold his birthright for a full dinner pail and roasted Roosevelt for an alleged utterance against those who opposed an injunction at the Debs railway troubles in Chicago.

Hanna Brings Good Reports.

Chicago, Oct. 22.—Senators Hanna and Frye returned yesterday from their campaign tour of the Northwest. They were both enthusiastic over their experiences in South Dakota and Nebraska, and conservative in their estimates as to the results. Hanna said:

"I believe McKinley will receive the electoral vote of South Dakota and that the republicans have an even chance to carry the legislature and elect a republican to succeed Mr. Pettigrew."

As to Nebraska I think our prospects are bright and that the republicans will elect their candidate for governor. They have a good prospect for the electoral vote and the legislature."

Senator Frye said he had never before seen such a great agricultural country with such evidences of prosperity as he found in the Northwest. He could not understand how populism could take root in such soil and among such people. The Maine senator was delighted with his reception everywhere. He will leave Chicago for New York today, and remain in that state until the close of the campaign.

EFFACES-BLOT FROM PATERSON

Judicial Report That Anarchists Did Not Regulate in That City.

New York, Oct. 22.—Supreme Court Commissioner Trimble of New Jersey, having completed his investigation, declares it to be his conviction that no anarchist plot existed in Paterson or West Hoboken for the assassination of the late King Humbert of Italy. He believes that Bresci planned the murder after going abroad.

Under his official seal the commissioner will submit to the New Jersey Supreme court 222 pages of typewritten testimony taken from thirty witnesses, a copy of which will be forwarded to the Italian authorities by Gov. Voorhees.

Ernesta Cavallo, the so-called "anarchist queen," was among the last of the witnesses examined. She said that she knew Bresci well, and that he had told her business called him abroad. She denied that the assassination of King Humbert had ever been suggested by Bresci or any of the associates in her hearing. She declares that Paterson anarchists were astonished by news of the assassination.

COLOR LINE ISSUE AMONG CLUB WOMEN

Chances That It Will Come Up At the Annual Meeting in Racine Next Month

Racine, Wis., Oct. 22.—Wisconsin club women are speculating on the chances of the color line question coming up to disturb the peace of their annual meeting at Racine next month, and though no one knows of any definite movement that has been set on foot to force the issue on the convention, still no one is going to be much surprised to have the biennial battle waged all over again, only this time in the open and over a theory, not a fact. The prediction has been made that the state federation will be asked to pass resolutions concerning the action of the general federation board of directors in refusing to admit the New Era club of Boston last June, but whether this prediction will be verified remains to be seen.

FIREMEN CRUSHED TO DEATH.

Four Killed While Fighting Flames in St. Paul, Minn.

St. Paul, Minn., Oct. 22.—As a result of a fire which broke out in the slaughtering pen of A. V. Hinman & Co.'s packing house at the Minnesota transfer, shortly after midnight, four firemen are dead and a number of others injured and property to the amount of about \$450,000 was consumed. The dead are:

William H. Irvine, second assistant fire chief.

Frank M. Edey, lieutenant engine company 13.

Burt Irish, engine company 13.

Louis Wagner, engine company 13.

The injured:

William Field, engine company 9; internal injuries.

Andrew Johnson, engine company 13.

The fire, which is supposed to have been of incendiary origin, spread with great rapidity, fanned by a strong southerly wind and the firemen were seriously handicapped by lack of water supply. From the packing house the flames spread to the warehouse of the Northwestern Lime company, thence to the McCormick Harvester company's large brick warehouse, filled with valuable machinery. It was here that the fatalities occurred.

The firemen of engine company 13 had entered the McCormick Harvester to be in a better position to fight the flames. There was a tank containing 200 gallons of gasoline in the rear part of the building and its explosion shattered the walls and buried the men in the debris. The McCormick Harvester company was the heaviest loser, its loss footing up \$380,000.

LA FOLLETTE SPENT SUNDAY QUIETLY

Will Be in Janesville Next Thursday Evening If Present Schedule Is Not Changed.

Minocqua, Wis., Oct. 22.—Mr. La Follette spent Sunday quietly in his car on a side track in this place.

Mr. La Follette took a walk about the village in the afternoon and was taken for a ride upon the chain of lakes as the guest of Captain Gus Nolan, H. H. Ober and A. M. Riley. In the evening he attended the Baptist church and listened to a sermon by the Rev. Lee Holden.

La Follette's Trip This Week.

It is not unlikely that some changes may be made in the itinerary of Robert M. La Follette for the latter part of the campaign, though so far no changes have been decided upon. The schedule for this week as it now stands includes the following stops: Tuesday, Antigo, Clintonville, Shawano, Oconto; Wednesday, Menasha, Wau-paca, Appleton; Thursday, Fond du Lac, Watertown, Jefferson, Fort Atkinson, Janesville; Friday, Mineral Point, Platteville, Darlington, Monroe, Beloit; Saturday, Whitewater, Eagle, Elkhorn, Burlington, Racine.

L. G. Bohmrich's Dates.

Louis G. Bohmrich, democratic candidate for governor, will continue his speaking tour about the state this week. Mr. Bohmrich is to address a meeting at Menomonie tonight, tomorrow evening at Fountain City; Wednesday at Sparta, Thursday at Reedsburg, Friday at Milwaukee and Saturday at Oshkosh.

GREAT STRIKE IS NEARING ITS END

Outlook Points to An Agreement Between Miners and Operators Before Close of the Week.

Hazleton, Pa., Oct. 22.—Developments of the last forty-eight hours indicate that the strike of the anthracite coal miners is nearing an end, and it is the belief here that the end of this week will see the men back at work.

This opinion is based principally on the fact that more of the operators have been posting notices granting the demands of the Scranton convention of the miners than the unmistakable fact that there is a more friendly feeling on both sides.

National board members in sufficient numbers to constitute a quorum are close at hand, and President Mitchell may call them at any time for the purpose of considering the question of settling the strike.

The strikers of the Hazleton district are making preparations for a united parade of all the unions this afternoon. The men of Silver Brook have their right of way, and President Mitchell will ride at the head of the procession. The guard of honor will be a dozen breaker boys. Tomorrow President Mitchell will review a parade of the miners at the Pottsville district.

Strikers Close a Washery.

Wilkesbarre, Pa., Oct. 22.—At seven this morning a mob of three hundred and fifty closed the Stanton washery after beating Foreman O'Hara and breaking all the shovels and picks used by the workmen on the bank. O'Hara's nose was broken and his body covered with cuts and bruises. Policeman McCalla was shot twice. The washery employed fifty men.

Dr. Woods was called to Clinton Sunday night on professional business.

WEST IS STRONG FOR M'KINLEY.

Kansas, Wyoming and Nevada Are Listed in the Republican Column.

HEAVY GAINS REPORTED

Bryan Is Losing Supporters in the South and All Over the Country.

FIGURES OF STATE CHAIRMEN

Chicago, Oct. 22.—From every direction the republican campaign managers are receiving reports on the situation that show wonderful crystallization in favor of President McKinley's re-election.

No fewer than fifteen of these officials have filed their testimony with Secretary Perry S. Heath of the National committee during the last two or three days.

Asked to Relate Facts.

It might be said that these chairmen are prejudiced, but in this case they have been asked to tell the whole truth. The national committee relies on them for its information, and this must be exact. The reports are in replies to Secretary Heath's request for information as to the outlook.

For Arkansas, hopelessly democratic, Chairman Remmel says: "Many democrats in the state will vote for Bryan, but they are praying for the success of McKinley."

The election of one congressman in the Third Arkansas district is expected, yet the prediction is made that he will not get the certificate, as in certain localities the votes he gets will not be counted for him.

Chairman Johnson of Georgia states that hundreds of democrats who supported Bryan in 1896 say that they intend to vote for McKinley.

A republican majority of 100,000 in the state is what Chairman Rowe predicts for Illinois. He says a large number of democrats have decided to vote with the republicans.

Kansas in McKinley Column.

As to Kansas Chairman Albaugh after mentioning that a second poll has just been completed adds:

"It shows that McKinley will carry the state by a majority of 25,000."

Chairman Manley promises 35,000 majority for President McKinley and Roosevelt in Maine, while President McKinley's majority in Michigan, according to Chairman Diekmann, will not be less than it was four years ago, when he carried the state by 56,000. He also expects the state to send another solid republican delegation to congress.

In Missouri the republicans are hopeful. Chairman Atkins says: "We expect the result to be gratifying to the state and nation."

Bryan's State May Desert Him.

Chairman Lindsay of Nebraska thinks the probabilities of that state going republican are strong.

"The outlook for the electoral ticket in this state is good," says Chairman Mills of Nevada.

A plurality of not less than 15,000 for McKinley is the report Chairman Gallinger of New Hampshire sends in.

Chairman Murphy, speaking for Jersey says: "There is little doubt that he state will give less than 50,000 plurality for the republican ticket."

"More than 35,000 plurality," says Chairman Allen of Vermont, while not less than 12,000 majority in West Virginia is the prediction of Chairman Dawson.

"I see no reason why Wisconsin should not give the same majority for McKinley and Roosevelt as it gave to McKinley and Hobart in 1896," says Chairman Bryant of Wisconsin.

Wyoming will come in with a good majority, according to Chairman Van Orsdel.

STEVENSON IS OUT WITH AN ESTIMATE

Candidate For Vice President Says Ohio, Illinois and New York Are Doubtful.

Chicago, Ill., Oct. 22.—Adlai E. Stevenson, who returned to Chicago from his campaign through the eastern states, in an interview today spoke enthusiastically of the democratic activity in the states through which he had passed. Mr. Stevenson made the flatfooted demonstration that the democrats would carry Indiana, and he added: "Ohio should be put down as very likely to give its electoral votes for Bryan. To my mind the two great doubtful states which lean more strongly to the democratic than to the republican side in this fight are New York and Ohio." Mr. Stevenson then made the following estimates of the situation as it stands today: For McKinley, 138; for Bryan, 189; doubtful, 120.

FISHER UMPIRED GAME AT BELOIT

GOOD SIZED DELEGATION FROM THIS CITY.

The Game Was One-Sided—Lawrence Proved no Match for the Beloit Boys—Fisher's Work Gave the Best of Satisfaction—Much Interest Was Manifested.

ONE HEAD

The Bower City was well represented Saturday at Keep athletic field at Beloit when members of the foot ball eleven of Lawrence university, Appleton, and Beloit college met on the Gridiron.

The game resulted as was predicted—in favor of Beloit. The score was 26 to 0. John L. Fisher of this city was selected as umpire and throughout all parts of the game his many decisions proved satisfactory to both teams.

Mr. Fisher's position as manager of the Wisconsin University team made him well fitted for the position. In defeating the young men from Appleton the Beloit boys had to work every second of the time.

Last year Lawrence University was able to hold Beloit down to 11 to 0. Her center and guards effectively spoiled Beloit's offensive work by charging through the line. It was the intention of the Beloit eleven to keep Lawrence from spoiling their plays this year. Coach Hollister had no fear but Hollenbeck could handle Lawrence's center, who, it is said, is as good as any in the west. The team from Appleton will average several pounds more than Beloit. Lawrence has scored in every game she has played this season.

Football Games Saturday.

ROBERT D. ACHESON MISS RUBY FULLER

Well Known Town of Rock Young People Are Married in Rockford, Ill., Today.

The marriage of Robert D. Acheson, youngest son of Mrs. Alla Acheson, and Miss Ruby Fuller, only daughter of Mr. and Mrs. A. J. Fuller, of the Seven Oaks dairy farm of the town of Rock, occurred at Rockford today. The five days license proving too much for the happy couple, they took this means of surprising their many friends, who join in wishing them much joy and prosperity.

SPINE WA—BADLY INJURED.

Accident to William H. Steed, a Railroad Man of This City.

William H. Steed of this city was brought home on the Limited at 9:30 o'clock last night in a disabled condition as the result of an accident on the railroad. He is employed as brakeman on the Northwestern road and was running out of Kenosha on a freight Saturday evening. When the train was about a mile south of Kenosha it broke in two.

When the front end backed up to the rear end the force of the air as it stopped the train threw Steed from the top of a car where he was standing to the ground where an oil box struck him in the middle of the back. He was picked up and when examined it was found that his spine was badly injured.

Miss Minnie Steed and brother left on the four-thirty a. m. train for Harvard and brought the injured man home. The fire patrol ambulance was called and conveyed the injured man to his home at 253 Gold street.

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay Co., W. Va., stuck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have to be amputated. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by Smith's pharmacy, opposite P. O., Kodak agents.

Alabama's Growth Is Told.
Washington, Oct. 22.—The census bureau has announced the population of Alabama as 1,828,697, as against 1,513,017 in 1890, an increase of 20.8 per cent.

Washington, D. C.
Gentlemen:—Our family realize so much from the use of GRAXIN that I feel I must say a word to induce others to use it. If people are interested in their health and the welfare of their children they will use no other beverage. I have used them all, but GRAXIN I have found superior to any, for the reason that it is solid grain.
Yours for health,
C. F. MYERS.

TO OPEN LECTURE COURSE

Boston Ladies Symphony Orchestra Here Tuesday, Oct. 30.

One week from tomorrow, Tuesday, the Boston Ladies Symphony orchestra composed of twenty-two artists will open the People's Lecture Course with a grand concert. This orchestra has appeared before a Janesville audience before and will be given a cordial welcome again. It is seldom that attractions of this character can be secured on lecture courses as the tremendous expense required to carry such a number over the country is such that few courses can afford to pay the price for them. The People's Course for this year has fairly surpassed itself in getting the highest order of talent and our citizens should certainly appreciate the opportunity given. There is not a number on the list this year which it secured singly could be given the public for less than fifty to seventy-five cents a ticket, and when the entire lot are offered for one dollar it is easy to see that it is a rare opportunity. The management this year are also giving free with each season ticket, a neat booklet, "A Message to Garcia," which is certainly worth a good deal. Get your tickets now and be sure of getting one of the above booklets as the supply is limited.

OUTLINES WORK FOR COMING YEAR

Secretary Kline of the Y. M. C. A. Issues a New Prospectus—Rousing Meeting Held Yesterday.

The Young Men's Christian Association held a rousing meeting at three o'clock yesterday, the principal address being given by State Secretary F. E. Anderson. The meeting was presided over by Archie Crawford who also directed the musical program. Secretary Kline announced that the association has just completed a new prospectus which fully outlines the work for the year and gives all the information that could be desired about the association and its work.

The social events of the year are given as follows: Oct. 29, opening reception to members; Nov. 6, national election returns; Nov. 22 to 25, Y. M. C. A. state convention; Nov. 29, Thanksgiving day; Dec. 25, Christmas day; Jan. 1, New Year's day, open house; Feb. 22, Washington's birthday; April 16, annual meeting, open to members only. The prospectus also has fine cuts of the building and gymnasium.

The address of the day was given by State Secretary F. E. Anderson of Milwaukee, and was on the "Revival of Bible Study Among the Business Men." He said that where only a little while ago there was no bible classes in the association now they were filled to overflowing. In Chicago in one building he saw twenty classes and in Milwaukee it was the same way. And it was so all over the country. People were not natural enough, he said. They were too apt to follow the lead of the photographer and be retouched into a semblance of respectability but it only lies skin deep. The only way to remedy this was to obey the readings of the scripture. The meeting of the Murphy League which was to be held yesterday afternoon will be held next Sunday.

LOCAL SPEAKERS WILL TAKE PART

Flag Raising Event in Spring Valley Next Friday—A Great Crowd Is Expected.

New York apples at Dedrick Bros.
Next Friday a flag raising program will take place at the Beck schoolhouse in Spring Valley. Janesville will be well represented there being on the program County School Supt. William Ross and County Clerk F. P. Starr.

A most interesting program has been prepared and preparations have been made for entertaining a large crowd. At 10:30 o'clock in the morning the program will open to be participated in by members of the school.

At noon dinner will be served. After dinner addresses will be made by Rev. Berg, County Clerk Starr and Supt. Ross. Good music will be furnished. It is expected that the G. A. R. will take part in the program. In front of the school a fifty-foot steel pole has been erected. Miss Cora Smiley presides over the Beck school as teacher and no little amount of credit is due her for the management of the coming event.

"I wish to express my thanks to the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy for having put on the market such a wonderful medicine," says W. W. Massingill, of Beaumont, Texas. There are many thousands of mothers whose children have been saved from attacks of dysentery and cholera infantum who must also feel thankful. It is for sale by Smith's pharmacy kodak agents.

HAS HAD ALL THE FIGHTING HE WANTS

ROBERT BRUCE HAS SEEN 17 YEARS OF ACTIVE SERVICE.

Was a Member of Crew of Maine Destroyed in Havana Harbor—Went Through the Fight at Manila and Other Philippine Battles—Covered with Wounds.

Robert Bruce, a young man who formerly resided in the town of Magnolia has just returned from the Philippines, where he was a member of the 9th U. S. Infantry.

Mr. Bruce enlisted in the United States Navy, Sept. 15, 1882, and has been in active service in the navy and army for the last seventeen years the last thirty-two months in the 9th U. S. Infantry.

He was a member of the crew of the Maine which was destroyed in Havana harbor and was transferred to the Asiatic squadron three weeks before the ship was blown up. He was transferred from the Maine to Admiral Dewey's flagship the Raleigh where he was promoted to the position of gun captain and was in charge of the six inch gun that fired the first shot at the battle of Manila.

He said that although many shots were fired at them by the Spanish forts and war vessels and came uncomfortably close not a soul was struck. It was hot work for awhile, but soon ended. His time of service in the navy while he was in Manila he left the navy and enlisted in the 9th infantry under General MacArthur.

From then on he had all the fighting he wanted. He was in a large number of fights and at the battle of Lamon in the island of Luzon he was right in the middle of the worst of the fight and was wounded six times. He was shot through the month and cheek and across the top of his head and another bullet went through the calf of his left leg. He has a saber cut across his shoulder which left a scar eight inches long.

The fingers of his right hand are cut off down to the first joint where he caught hold of the blade of the saber to prevent the man from striking him the second time. One of his companions seeing the trouble that he was in ran a bayonet through the native and saved Bruce's life. At the battle of Lamon he thought that the enemy had fired a bushel of bullets at once and he was right in the middle of the charge.

He was carried from the field and after the battle was finished was taken to the hospital and fixed up by the surgeons, who said he did not have long to live. He was in first class health when he was wounded and his strong constitution carried him through his sickness safely.

After leaving the hospital he was discharged from the army on account of physical disability and returned to this country on a transport. The transport made the trip from Manila to San Francisco in twenty-one days and the sea air helped to brace him up. He landed in this country feeling first rate only a little sore from his numerous wounds.

He thinks that seventeen years of active service is all he wants of army life and will reside in this vicinity in the future. He will rest until next spring before looking for work and will try and build up his shattered constitution.

No one would ever be bothered with constipation if everyone knew how naturally and quickly Burdock Blood Bitters regulates the stomach and bowels. Cures croup, sore throat, pulmonary troubles—Monarch over pain of every sort. Dr. Thomas' Electric Oil.

It's a mistake to imagine that itching piles can't be cured; a mistake to suffer a day longer than you can help. Doan's Ointment brings instant relief and permanent cure. At any drug store, 50 cents.

A blessing alike to young and old; Dr. Fowler's Extract of Wild Strawberry nature's specific for dysentery, diarrhoea and summer complaint.

THE WOMAN'S HISTORY CLUB

The Annual Meeting Was Held Last Saturday Afternoon.

Mrs. B. F. Dunwiddie entertained the Women's History club in its annual meeting Saturday afternoon at her home, 165 Madison street. The business meeting was held at 3 o'clock and officers chosen for the ensuing year as follows: Pres., Mrs. C. A. Hunt; vice president, Miss Mary Pease and Mrs. J. M. Bostwick, secretary and treasurer.

The Young Women's Auxiliary to the history class met with them for luncheon, about twenty-five of the young ladies being there to help the older ones enjoy the last official act of the retiring president. The luncheon was served at 6 o'clock at small tables where the guests found three tiny flags and an appropriate quotation as a souvenir. In a place of honor was a great bunch of pink roses, the gift of the Young Women's Auxiliary and the members of the History class.

The history class will also begin their studies for the year at their next meeting to be held next Saturday.

TRAVELING MEN'S MONTHLY SUPPER

The Janesville Council United Commercial Travelers held their regular monthly supper Saturday night in East Side Odd Fellows' hall. The supper proved to be a decided innovation and was largely enjoyed by all present. Instead of the usual banquet the local travelers and their families sat down to an old fashioned Dutch supper. The tables were covered with red tablecloths and the bill of fare included such articles as pork and beans, hot "weenies" sauer kraut, sliced raw onions, potato salad, berlinas, pumpkin pie, Swiss cheese, and everything that goes to make up a meal dear to the Dutchman's heart. At each plate a pretzel was tied with ribbon as a souvenir of the occasion.

After the supper the travelers adjourned to the lodge rooms where they made merry till midnight. The committee which had the supper in charge consisted of Mrs. George S. Parker, Mrs. James Wadkie, Mrs. Harry Garbutt and M. C. Fish.

SENIOR CLASS WON FROM JUNIOR CLASS

The Senior class football team defeated the team from the Junior class, Saturday afternoon at Athletic park by a score of 5 to 0. The attendance was good, the young ladies from the two classes being especially in evidence. The game was close at all times, and but for the fact that the Juniors were penalized, they would have scored. The playing for the Seniors was done by Joyce, Griffiths and W. Ryan, and for the Juniors by Goldin and A. Ryan.

"Thou changest not—yet, I am, always changing," said the substitute to Rocky Mountain Tea. Made by the Madison Medicine Company. 35 cents. Smith's pharmacy, kodak agents, opposite P. O.

Dinner for Mr. Heimstreet
Secretary Heimstreet of the State Board of Pharmacy, was the guest of honor at a reception and banquet given at La Crosse on last Wednesday evening by the druggists of La Crosse, Monroe and Vernon counties. The affair took place at the Cameron House, and nearly every pharmacy in the three counties was represented. After dinner was served, some time was spent in discussing matters of interest to the profession, Secretary Heimstreet speaking of the social benefits resulting from such gatherings. So much interest was aroused that then and there the druggists organized three associations.

INSANE CRIMINALS ESCAPE.

They Break From Prison at Newburgh, N. Y.

SEVEN DESPERATE MEN FREE.

Convicts Attack Their Guards and Beat Them Down One by One, Taking Their Keys—Attack the Most Desperate in Prison History.

Newburgh, N. Y., Oct. 22.—A most desperate effort to escape confinement was made at 6:45 o'clock p. m. by a large number of inmates of the Matteawan state hospital for insane criminals. At that hour a body of the convicts attacked their guards and beat them down one by one, taking their keys and some of them eventually escaping to the yard which surrounds the hospital. In the encounter in the building the convicts had the advantage of numbers, but in the battle in the open the keepers rallied and finally retrieved much that had been lost, securing all but seven of the desperate men. The attack was the most desperate in prison history, and was apparently the result of a conspiracy which has been hatching among the men for some days. In some unknown way the rumor had gone abroad that there would be a large draft of men to the new hospital at Dannemora. The convicts concerned in the outbreak all came from the vicinity of New York, and they heard the story with evident disfavor. New York is so close to Matteawan that their relatives could readily visit them. Should they be removed to Dannemora, they knew that this intercourse would be largely cut off. It was this that caused the uprising.

Fight with Frenzied Insanities.
At 5 o'clock the men ate their supper as usual, but seemed to be particularly restless. Supper concluded, they were taken to their corridors, and were about to be put to bed for the night, the retiring hour being 7 o'clock. Fifteen minutes before the hour, William Kelly, the principal keeper, who was but recently appointed to the position, started to make his rounds. He is powerfully built, muscular and athletic. He stands over 6 feet and weighs over 200 pounds. When he came into what is known as ward No. 3, south, in which forty inmates are confined, he saw them standing in a group, talking earnestly and excitedly. He separated them, sending them in different directions, and then went on his way. Four keepers—Doyle, Stack, Clark and Maher—were in the room at the time. The principal keeper, having seen that all was well in ward No. 3, returned to No. 2. As he opened the door the insane criminals made a wild rush upon him. He fought them desperately, knocking them right and left with his fists, but he could not withstand the many, who were now frenzied. He had no weapon, for the rules of the prison prohibit their use, and, unarmed, he was soon vanquished. During his absence the convicts had overpowered the four keepers and bound and gagged them.

Escape to the Yard.
While the head keeper was fighting, Maher and Stack broke from their fetters and ran to the assistance of their chief. They were a moment too late, for Kelly had been vanquished, and the convicts turned upon them with redoubled fury. Once more the keepers were beaten down, and this time they were locked in the ward with their own keys, while the inmates escaped to the open air.

Surrounding the yard is a fence fourteen feet high. The men, led by Patrick Geoghegan, who is a life prisoner for wife-murder in New York, started to scale the fence. Meanwhile the noise of the battle had gone through the building. An alarm was sounded, the convicts not concerned in the outbreak were secured, and every available guard rushed into the yard.

All But Seven Are Captured.
Prison rules were then laid aside. The keepers picked up anything which might serve as a weapon. With clubs and sticks they attacked the men, and soon they had reduced affairs to a semblance of order and all but seven of the men were overpowered and taken back to their quarters. The seven, however, are among the most desperate of the lot, and their recapture is especially desirable.

The escaped men are: James Clark, 29; committed for robbery. John Flynn, 22; in for burglary. John McCarthy, 22; in for grand larceny. Peter Foster (colored), 25; sentenced for assault. William J. Johnson, 24; sentenced for grand larceny. Patrick Geoghegan, 32; in for wife murder. Patrick Murphy, 24; committed for murder. Keeper Doyle was badly used up and was taken to the Fishkill hospital.

James Nelson Decapitated.
Syracuse, N. Y., Oct. 22.—James Nelson, a sporting man, while alighting from the rear platform of the last car on the Chenango train on the West Shore road at noon yesterday slipped under the wheels. He was literally decapitated, his head rolling on the pavement. Nelson was forty-eight years old, and left a widow and two children.

Robbers Destroy a Depot.
Grand Forks, N. D., Oct. 22.—Burglars blew open the safe in the Great Northern depot at Cavalier, N. D., and the explosion set fire to the building, which was destroyed. It is not known what amount of money the robbers secured. Two men are suspected, and

Savings of Britain's Poor.

The report of the British Registrar General shows that the sums in the government savings banks to the credit of the depositors aggregates £130,118,605. The average amount per head is highest in Ireland, where it works out at £21 5s, England coming next with £16, and Scotland last with £13 12s.

Deafness in German Children.
Experiments made by German physicians have shown that about 25 per cent of all school children have some defect in their hearing.

"Ray Raymond" Killed.
Quincy, Ill., Oct. 22.—Joseph E. Talis, a newspaper man of Tennessee, who wrote under the name of "Ray Raymond," was killed by falling from a third-story window of the Occidental hotel. The presumption is he fell asleep on the window sill, as the body was found in the hotel alley this morning arrayed in night clothes and with the skull crushed in. He was about 40 years old and unmarried.

Ex-Postmaster Pleads Guilty.
Springfield, Ill., Oct. 22.—In the United States district court John M. Smyth, former postmaster in Ridgeway, pleaded guilty to embezzlement. He was sentenced to pay a fine of \$500 and costs. F. P. Given, a postoffice clerk at Willisville, Perry county, pleaded guilty to forging money orders and was sentenced to serve two years in the penitentiary.

On the 10th of December 1897, Rev. S. A. Donohue, pastor of the M. E. church of South Pleasant, W. Va., contracted a severe cold which was attended from the beginning by violent coughing. He says: "After resorting to a number of so-called 'specifics' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by Smith's Pharmacy, next P. O., kodak agents.

Chills in British Weakness.
Brussels, Oct. 22.—The Independence Belge, which considers the Anglo-German agreement directed against Russia, "whose influence in the east is now permanent," says:
"Great Britain is too weak and exhausted to undertake isolated action, and, wishing to prevent other powers from obtaining more than herself, she insists upon the maintenance of the status quo."

Cancer
There are never any external signs of Cancer until the blood is polluted and the system thoroughly contaminated by this deadly virulent poison. Then a sore or ulcer appears on some part of the body; it may be small and harmless looking at first, but as the cancerous cells form and are deposited by the blood near the sore, it increases in size and severity, with sharp shooting pains. No matter how often the sore is removed by the surgeon's knife or flesh destroying plasters, another comes and is worse. The real disease is in the blood, and the treatment must begin there. The poisoned blood must be invigorated and purified, and when this is done cancerous cells can no longer form and the sore will heal naturally and permanently.

Mrs. Sarah M. Keeling, of Windsor Ave., Bristol, Penn., writes: "I am 41 years old, and for three years had suffered with a severe form of Cancer on my jaw, which the doctors said was incurable, and that I could not live more than six months. I accepted their statement as true, and had given up all hope of ever being well again, when my druggist, knowing of my condition, recommended S. S. S. After taking a few bottles the sore began to heal, to the surprise of the physicians, and in a short time made a complete cure. I have gained in flesh, my appetite is splendid, sleep is refreshing—in fact, an enjoying perfect health."

SSS overcomes this destructive poison and removes every vestige of it from the system, makes new, rich blood, strengthens the body and builds up the general health.

If you have a suspicious sore, or have inherited any blood taint, send for our free book on Cancer, and write to our medical department for any information or advice wanted; we make no charge for this service. Your letter will receive prompt and careful attention, and will be held in strictest confidence.

The Bridal Feast

Is not infrequently followed by a long, lenten period of enforced fasting and fleshly mortification. The cheek grows hollow, the eyes are dull and deep ringed, and the step is slow and languid. There is an "all dragged-out feeling," which makes life an utter burden.

The great functional changes which follow marriage are not usually anticipated, or the wife suffering might be avoided.

Dr. Pierce's Favorite Prescription is the best friend of weak and sickly women. It cures the womanly diseases that rob the eye of brightness and the step of lightness. It tones up the system and establishes the womanly organism on a basis of sound health.

"Favorite Prescription" contains no alcohol, neither opium, cocaine, nor other narcotics. Accept no substitute. There is no other medicine "just as good" for weak and sickly women.

"I had been a great sufferer from female weakness for about two years," writes Mrs. Emma Richardson, of Goss, Wayne Co., Ky. "Could not do my work part of the time. I took four bottles of Dr. Pierce's Favorite Prescription and felt as well as I ever did."

Young married women will find a lasting friend in Dr. Pierce's Medical Adviser. It contains 1008 pages and is sent free (in paper cover) on receipt of 21 one-cent stamps to pay expense of mailing only. Cloth binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE LABOR QUESTION.

Some one has recently said that capital and not labor takes all the chances and bears all the losses in the business world. That the profit to capital, if any, is determined after labor has been paid in full.

No truer statement was ever uttered. The railroad that employs thousands of men, whether making or losing money, never thinks of passing a pay day. The factory, whether representing an investment of \$10,000.00 or half a million, pays the laborer promptly through dull as well as prosperous times, and not infrequently in face of the fact that a shut-down would save disaster and possibly bankruptcy. The merchant who is running against a weak market and strong competition knows that the end of the year will show an impairment of capital, yet his employees are paid as promptly as though his knowledge of profit was just as absolute. The farmer whose crops are blighted by drouth or ruined by storm, pays his laborer not unfrequently with borrowed money and trusts that a kinder Providence may smile upon him another year.

There ought not to be, in this intelligent land, any conflict between capital and labor. Without capital labor is helpless, and without labor capital is idle. It is true that capital is sometimes grasping and unreasonable, but this is the exception and not the rule. It is equally true that labor in its demands is frequently exorbitant and imperative.

Thousands of men have been idle in Chicago for the last eight months, not because they could not find employment at good wages, but because they demanded unreasonable concessions. Every strike is a disaster to labor and a menace to capital.

What the labor world needs today is a more intelligent grasp of the situation.

In this land of opportunities there is only a step between the laborer and the capitalist. The man who is thrifty and saving, who spends his leisure in his home rather than in the saloon, discovers very soon that the little hoard in the savings bank is growing, and before he realizes it he has himself become a capitalist, and not unfrequently able to join the rank of employers.

Capital, wealth, is simply the accumulation of the savings of labor. The ability to add to it by investment depends very largely upon the man who possesses it, and his ability depends almost entirely upon himself. When manhood arrives at its best estate,

there will be more capitalists gathered from the ranks of labor, and fewer walking delegates and labor agitators.

THE CITY.

The improvements going on in all parts of the city indicate that the people are prosperous. Buildings are being repaired and property put in good condition, new warehouses and factories are building, and but little borrowed money is being employed. This means that substantial prosperity has blessed the people, and that both labor and capital have been able to accumulate a surplus.

It is gratifying to note that with prosperity has come contentment. People are not complaining about dull times or denouncing Janesville as the dullest town in the state. Everybody has a good word to say for the city, and why shouldn't they? If there is anything that contributes to the success of a city it is loyalty to it on the part of its citizens.

Janesville is a good city. No better can be found in the state. The burden of taxes is not heavy in comparison with other cities. The municipal government is above the average. Good streets and good sidewalks are being developed. The schools of the city are second to none in the state. Ample churches speak well for the morals of the place. More people own their homes and enjoy the luxuries of life than can be found in many cities of double the size. The man or the woman who can't be contented in this goodly city should go to Kansas and help raise a disturbance.

General Buller, of the English army, the man who crossed the Tugela river so many times, has returned to London and is busy explaining the difficulties that he encountered in the South African war.

Many men have established a reputation for wisdom by keeping their mouths shut. The average voter this year is a wise man; he is too busy to be anything else.

The man who drew the elephant was no more perplexed than the Bryans would be should they win the election. What would they do with it?

Senator Hanna received a great ovation at Sioux Falls, the home of Senator Pettigrew, the man whose political scalp Hanna is seeking.

The city of Lincoln, Nebraska, is noted for its salt marshes. It is gratifying to know that Mr. Bryan can be preserved for another four years.

"Some men aspire to greatness and others have it thrust upon them." Mr. Bryan is long on aspiration but his party is short on thrust.

You can't make a whistle out of a pig's tail any more than you can make a president on an important issue that has lost its importance.

"Make hay while the sun shines," and don't forget that you can add a little lustre to its brilliancy by voting right in November.

Imperialism is weak, the trusts have nervous prostration, 16 to 1 is dead, the last hope is vanishing. Where are we at?

Twelve dollars a plate and no ice in it was the price of a dinner served to Mr. Bryan on his arrival in New York.

Paul Kruger, late president of the South African republic, is still undecided as to what country he will adopt for a home.

The man who complains of hard times this year is a chronic kicker, and there is no help for him.

The atmosphere is so charged with oratory that the weather man is at sea.

What would the country be without a Bryan?—Lonesome.

MADISON VISITED BY MANY FROM HERE

The Madison Carnival of last week proved quite a boon for the railroads out of Janesville. Exclusive of the excursion train run up last Monday night, in the neighborhood of four hundred pleasure seekers were taken to the Carnival. The Milwaukee road carried between one hundred and one hundred and fifty, and the Northwestern between one hundred and fifty and two hundred; and beside these, a crowd of about one hundred and fifty took advantage of the special train last Monday night and heard the speech given by National Chairman Hanna.

LA FOLLETTE WILL SPEAK THURSDAY

Date for Janesville Meeting Has Not Been Changed—Will Be a Great Demonstration.

There was a rumor current this morning for which Judge Orton of Darlington was responsible that the tour of Robert La Follette in the southern part of the state would be materially curtailed and that it meant the abandonment of the Janesville meeting. Chairman Nolan of the republican county committee at once wired General Bryant at Milwaukee and was informed that La Follette would keep his Janesville date without fail. The meetings announced for Darlington and several other points have been given up.

The local republican club will meet tonight to perfect arrangements for the reception of Mr. La Follette next Thursday evening and it is promised to be the largest political demonstration seen in this city for years.

Mr. La Follette will stay in Janesville over night.

Erect Form Corsets.

The effects of straight front Corsets are decided and are made up of curves that produce the figure so much admired. The low waist line in front, the full distended busts, the clearly defined back and smooth hips, add grace and dignity to the figure, while the shape of the garment adds in securing the erect carriage. We carry in this popular Corset the "W. B." Corset, white, drab and black, at \$1.00; also two numbers of the "P. N." Corset at \$1.00 and \$1.50.

Black Underskirts.

We show a new line of the heavy weight cotton Underskirts and are having a lively sale on the various styles. We show one special number at \$1.00 that is great value; others at \$1.50, \$2.00, \$2.50, \$3.00.

BURGLARS MAKE A VISIT TO FOOTVILLE

ATTEMPT TO BLOW UP THE SAFE IN THE POSTOFFICE.

Alleged Robbers Are Promptly Chased Down and Landed in the Rock County Jail—One of Them is James Hess, a Janesville Boy—Two Others Are Strangers.

Evansville, Oct. 22.—At 1:15 yesterday morning the citizens of the quiet little village of Footville were awakened by a terrific explosion in the business center of the town. People thinly clad hastened out upon the street anxiously inquiring the cause.

The postmaster at once hastened to the postoffice fearful lest burglars had blown his safe which had been chilled about a month ago. His suspicions were confirmed for upon approaching the postoffice smoke and dust were seen issuing from the windows and doors.

White Horse and Buggy.

A neighbor rushed up and stated that he had seen a white horse and buggy going in the direction of Evansville. The telephone was brought into action and the surrounding towns were notified. Word was received here by Chief of Police Broughton about ten minutes after the safe was blown. He at once summoned Deputy Sheriff Fellows, Deputies Gillman and Chas. Winship. They went at once to the depot and a plan of action was carefully mapped out.

Gillman and Minills were sent out on bicycles to scour the country while the rest of the party lay under cover in the railway yards to await developments. It had been figured that the safe blowers would try and get to Evansville in time to board the fast mail for Chicago which is due to leave here at 4:00 a. m.

Proved to Be Two Farmers.

At about 3:00 Deputies Gillman and Minills heard a buggy approaching. They hastily concealed themselves by the roadside. Along came the rig and sure enough the "white horse." They waited until the rig was within a few feet of them when they commanded the occupants to throw up their hands. Upon investigation it proved to be two farmers returning home from a nearby social gathering. When the "fast mail" arrived Broughton, Fellows and Winship boarded it and rode to the coal shed, about eighty rods from the depot, anticipating that the burglars would attempt to get aboard it at that point. Such did not prove to be the case and after the "fyer" had pulled out they started back towards the depot.

Hid in a Tool House.

On the way they had to pass by the tool house. Fellows and Winship went on one side and Broughton on the other. Upon getting around upon the north side Broughton flashed his dark lantern and was rather surprised to see the gentlemen they were looking for.

He immediately covered them with his gun as did Fellows and Winship and told them to throw up their hands. Upon seeing that the officers had the drop on them they obeyed rather reluctantly.

They were immediately handcuffed and marched to the depot. Upon searching them they found a pint bottle nearly full of powder, ten or twelve drills of various sizes, seven skeleton keys, a small funnel wrapped in paper which was evidently used by them to run powder into the holes after they were drilled into the safe, one punch, a piece of wire used to poke the powder through the funnel, two small pieces of candle, two 38 caliber revolvers loaded, a sack full of ammunition, a bag containing about a dollar in dimes nickels and pennies.

Found Their "Plants."

A small looking glass, soap, combs, etc., were found. About this time Gillman and Minills arrived. Chief Broughton not being satisfied left the trio in charge of Gillman and the rest went to look for "plants." He soon returned with between three and four dollars' worth of postage stamps which proved that they had landed the right parties.

In the meantime Gillman had not been idle. He took one of the trio to the light so as to get a good look at him when he noticed that he had an unusual large swelling on the side of his face. Upon inquiring what was the matter. He was informed that there was nothing the matter but that he had been sawed tobacco. Not being so easily duped he made him open his mouth. The bunch proved to be \$53.00 in bills.

Their Booty at Footville.

Upon telephoning to Footville it was learned that the robbers had received between three and four dollars in stamps, one dollar in small change and a registered letter containing \$53. They were taken to Janesville for safe keeping where one of the trio was identified as Thomas Evans, alias Thomas Kelly, whose right name is James Hess, better known as "Wisconsin Tommy," a native of Janesville, Wis. He was sent to the reform school at Waushara in 1876 and was released in 1882. He afterwards served a term of four years in the penitentiary at Stillwater, Minn.

In 1892 he was sent to the state prison at Waupun and was again sent there in 1895.

Two of Them Are Strangers.

In March 1898 he served six months in the county jail at Janesville for petty larceny. He is about forty years old, five feet, six and one-half inches

in height and weighs about 140 pounds, medium build. He has dark chestnut hair, beard, if any, light blonde, blue eyes. He is considered one of the most dangerous post-office workers in the country, being exceedingly handy with a gun and not afraid to use it.

The post officials have tried hard to fasten some job on him but up to the present time have been unable to do so, but it looks now as if they had him fast. The other two were strangers and consequently nothing is known of their past career.

They are, however, a tough looking pair and no doubt good partners for "Wisconsin Tommy." Postoffice Inspector Bird will be notified and will probably take them under the postal laws. The safe was totally destroyed, showing that they were thoroughly familiar with their work.

The Footville post office robbers are now behind the bars in the Rock county jail. The prisoners are James Hess, Bill Riley and a man who says his name is Ryan. They will say nothing as to their connection with the Footville robbery.

Chief of Police Schafer of Fond du Lac is in the city today for the purpose of trying to identify the three men arrested at Evansville Sunday morning as the ones who did the safe cracking at Fond du Lac last week.

ALL EVANSVILLE GREETED JEFFRIS

LOCAL ATTORNEY PRESIDED AT MEETING.

Held Saturday Evening at the Opera House—Audience Filled the Auditorium, and Many were Unable to Gain Admittance—Mr. Jeffris Gave a Rousing Speech.

All Evansville turned out in force Saturday night to hear Attorney M. G. Jeffris of this city who spoke on the political issues of the day. The meeting proved a most rousing one and was attended by hundreds of citizens irrespective of party.

The meeting was held in the opera house, the stage being occupied by prominent republicans. Good music was furnished. Mr. Jeffris was in good voice and as he was introduced by the chairman he was greeted by liberal applause. The speaker gave one of the best campaign speeches that was ever delivered in the Cut-Off City. He was frequently applauded.

The appearance of Mr. Jeffris in Evansville was the occasion for one of the largest political gatherings in that part of the county and those that attended the meeting were well repaid.

MRS. P. CRANDALL DIED YESTERDAY

Has Resided in Janesville For Many Years and Was Well Known.

Yesterday afternoon the shadow of death entered the home of G. M. Dopp, 157 Terrace street and carried away the soul of Mrs. Phoebe Crandall, mother of Mrs. Dopp. Her illness was of three weeks' duration, but was borne with patience and uncomplaining resignation.

She was born in New York state in 1818 and came west in 1845. She has made her home in Janesville for several years and by her even and pleasant disposition, had endeared herself to all who knew her.

The husband who is in Chicago will not be able to attend the funeral on account of the infirmities of old age. Mrs. Crandall leaves three children, Walter Crandall of Edgerton, Mrs. A. F. Watson of Chicago and Mrs. G. M. Dopp of this city. The funeral will be held from 157 Terrace street, Tuesday afternoon at 2 o'clock, Rev. J. A. M. Richey officiating.

Mrs. Carey Good.

Mrs. Carey Good died at the home of her mother, Mrs. George McCrea, of Afton, Saturday, aged twenty years and six months. The death was particularly sad as she was, but a bride of a month having been married to Cary Good on September 28. Besides the bereaved husband and mother she leaves one sister and two brothers. Funeral services will be held this afternoon at two o'clock from the Afton church.

Mrs. Elizabeth O'Grady.

Mrs. Elizabeth O'Grady died at her home, 157 Hickory street, at three o'clock Sunday morning after a lingering illness of the stomach and heart. Deceased was seventy-two years of age and leaves five children, four sons and a daughter, William, Joseph, John, and Miss Nannie of this city and Andrew of Madison.

Funeral tomorrow morning from St. Patrick's church.

Mrs. R. S. Waite.

Mrs. R. S. Waite, wife of one of the most prominent residents of Afton, died at her home Saturday evening of the infirmities of old age. She was widely known and her death will be deeply mourned. She leaves a husband and four sons.

The funeral took place at the church in Afton this forenoon, Rev. H. Hanson of Beloit, officiating. Four sons of the deceased were pall bearers. Interment in the cemetery at Afton.

Leonard H. Kellogg.

Leonard Harry Kellogg, the infant son of Mr. and Mrs. M. S. Kellogg, died Sunday. The little one was only twenty-six days old. The parents will have the sympathy of a large circle of friends in their bereavement.

PILED UP SIX CARS OF COAL

Disasterous Wreck on the Northwestern Near Oshkosh Last Friday.

South Oshkosh, Wis., Oct. 22.—A special freight train leaving Janesville at 10:50 p. m. Friday night, Oct. 15, met with an accident while going down Fond du Lac hill. After stopping for the U. M. & St. Paul crossing they started ahead, pulling out a draft iron thus breaking apart, and coming together with terrific force piled up six cars of coal. The wrecking crew was summoned from Oshkosh and after nearly four hours of hard work cleared the track sufficiently for passage of trains. No injured or killed. The train was in charge of Conductor R. H. Clark, with Engine 616, Engineer James Forren. The wreckage was almost kindling wood, caught afire and was utterly destroyed in some mysterious manner.

CHIEF HOGAN AFTER SALOON KEEPERS

Dan and Philip Sheridan Were Fined Twenty Five Dollars and Costs This Morning.

Chief of Police J. W. Hogan has declared war on local saloon keepers who of late have been paying but little attention to the eleven o'clock closing ordinance.

On Saturday night Dan and Philip Sheridan who conduct a saloon on South River street kept their place open after the eleven o'clock hour. This morning they pleaded guilty before Judge Field and were fined \$25 and costs or \$27.50 which they paid.

There are other saloon keepers who violate the ordinance and other arrests may follow.

FAVOR THE MEN IN THEIR EMPLOY

Choate-Hollister Co. Putting Up New Manufacturing Building With Old Factory Hands.

Several workmen who were recently thrown out of employment by the burning of the Choate-Hollister factory at Spring Brook are not idle these days. Instead of the company awarding the contract for the erection of their new factory building they have taken the responsibility upon themselves and have gone ahead with the work with the skilled workmen who were in their employ at the time the factory was destroyed by fire.

The men employed are all skilled in carpenter work and are all capable of understanding every branch of building. The greater portion of the men have families to care for and the employment given them is fully appreciated to say the least.

When these workmen complete the factory they will again enter the employ of the company. Supt. Estes of the Choate-Hollister company has charge of the enterprise which is now being rushed to completion.

The new furniture factory when completed will be a model structure. A 7-foot cellar will be beneath the entire building. The structure will be two stories high. It will be ready for occupancy about the first of the year. The site selected is where the burned structure stood.

Post Anniversary.

Members of W. H. Sargent Post and the W. R. C. will celebrate the anniversary of the organization of the post on Friday of this week the 26th inst. at Post hall beginning at 7:30 p. m. A short literary and musical program will be given and light refreshments served. A good social time is expected. By order of committee.

Stricken While at Prayer.

Lexington, Ky., Oct. 22.—While the Rev. Dr. F. V. Bartlett, who has been pastor of the First Presbyterian church here for twenty-six years, was in the midst of prayer at the morning service he suffered a stroke of paralysis, being rendered dumb and helpless. He was carried from the pulpit to his home. He has since recovered his speech, but his faculties are still affected.

RUNAWAY ACCIDENT INJURES LADIES

MRS. JAMES EARLE IS BADLY CUT AND BRUISED.

Mrs. Grant Walworth Also Injured—Ladies Failed to Properly Hitch the Horse That they Were Driving—Dr. James Mills Called from Here To Attend Them.

Mrs. James Earle, residing at 157 Glen street, was badly injured in a runaway accident yesterday at noon in the tow lot Fulton. She was violently thrown to the ground receiving injuries that resulted in a bad scalp wound and several cuts. Her injuries are most serious.

Mrs. Grant Walworth, who was in the buggy with Mrs. Earle, was injured about the hip and limbs. Dr. James Mills of this city was called to attend the injured.

Mrs. Earle and Mrs. Walworth hitched up a horse and started to take a drive. They had gone but a short distance and were descending a hill when the buggy ran onto the heels of the horse who at once became unmanageable.

The now frightened animal started to run. As the outfit passed the Elmer Langworthy place the ladies turned the horse into the yard.

It was here that the women were thrown out and injured. The accident proved a most fortunate one as no bones were broken. The horse was bruised. It will be some time before the ladies recover from their injuries.

WILLIAM HADDEN LEAVES FOR FRANCE

Importation of Heavy Draft Horses From the French Republic to Janesville Will Again Be Revived.

William Hadden of this city has left for New York from which port he will soon set sail for France for the purpose of making the purchase of a large consignment of heavy draft horses which will be shipped direct to Janesville. This will be the first shipment of Percheron horses made to Janesville since the bottom fell out of the horse market a few years ago.

The animals will be quartered in the spacious barn formerly utilized by the well known importing firm of Bowles & Hadden.

The importing of French horses to the Bower City will be welcome news to all citizens. It will mean the bringing here of horsemen from all parts of the country. The demands for this grade of heavy horses are again being made from all sections of the East and West.

Mr. Hadden will land in Liverpool and from there will at once make his way to Paris.

Report Was Incorrect.

Mrs. S. Fannie Phillips says that the report circulated and printed in the papers some few days ago that she was bound over to keep the peace is incorrect. When the case was called before Judge Field he immediately discharged Mrs. Phillips, there not being sufficient grounds for action.

J. A. MacIntosh of Milwaukee, is in the city today, looking over the new railroad construction.

THE WEEKLY TRADE REVIEW.

End of Coal Strike Makes Business Easier.

CORN IS AT A GOOD FIGURE.

Wheat Shows Some Weakness, Owing to Greater Activity at Russian Ports—Small Advances in Steel—Best Trade Advances in the South.

New York, Oct. 22.—R. G. Dun & Co.'s weekly review of trade will say: "A settlement of the coal strike satisfactory to all interests having been effected, business breathes more freely in the east, and distribution of merchandise is increasing slowly again, though the election excitement keeps new buying in many lines down to wants for immediate consumption. In the west there is not the same hesitation, and there, as well as in the south, the marketing of the crops, is responsible for a feeling of much confidence in the movement of business, if the nation acts conservatively at the polls. Prices of commodities are weaker, and the caution so general in a presidential year keeps speculation at a minimum.

"Cotton further declined, making the loss about \$6 a bale in two weeks. Planters are rushing work and picking is expected to progress rapidly enough to save most of the crop from early frost. High prices make it possible to pay good wages to pickers, and the movement at receiving points increases largely. Domestic spinners are not liberal buyers, but exports are only slightly smaller than a year ago. Foreign buying increased with the recent sharp decline.

"Wheat has shown more weakness, due in part to the greater activity at Russian ports; and Atlantic exports for the week were only 2,647,285 bushels, against 3,270,226 a year ago. Corn also declined, but is six cents above last year, which may account for the loss in exports, in three weeks 7,654,765 bushels, against 10,924,406 bushels in 1899.

"Few important fluctuations appeared in iron and steel, but there were small advances in Bessemer pig at Pittsburgh and billets at Philadelphia.

"Leather and hides are firm and selling freely, because of steady improvement in demand for boots and shoes."

As Seen By Bradstreet's.

Bradstreet's will say: "As the jobbing distributive trade tends to lessen with the advance of the fall season, the repressive influences of ante-election feeling becomes more clearly perceptible, and the result is a generally quiet though at the same time confident feeling in general trade, which the stock market has apparently begun to discount, with the result of swelling current bank clearings well above recent totals.

"As for some time past, the best trade advances come from the south, which remains cheerful in spite of lower cotton. Pacific coast advances are that export trade is large, as the result of army needs and Asiatic requirements. Northwestern trade is on the whole quiet, and the disposition to charge the election with this is manifest. Eastern wholesale trade is quiet but steady. Gross railway returns continue excellent, considering the reports of quiet in all other lines, and net returns, those for August are much more encouraging than those of July. "The country's foreign trade is in a flattering condition."

Sixteen Stones in an Eye.
New York, Oct. 22.—Angelo Gonzalo was injured in a remarkable way by a premature explosion at Bedford Park a few days ago. When operating on him at the Harlem hospital Dr. Muller, the house surgeon, found in the orbit

of the left eye, which was removed, sixteen small stones, one of which was a quarter of an inch long. The left cheek bone was also removed and several pieces of stone were removed from the man's face and neck. One piece was half an inch long and half an inch wide.

Dread Disease Kills Horses.
College Park, Md., Oct. 22.—More than 100 horses have died of cerebro spinal meningitis, which prevails in southern Maryland for the second time in this year. Five counties are affected, and the animals are dying six or eight a day. Dr. Samuel S. Buckley of the Maryland Agricultural college is making experiments with serum in hope of finding a preventive of further spread.

Violinist Found Dead.
Leadville, Col., Oct. 22.—Prof. A. F. Liefke, one of the most noted violinists in the west and at one time with the Thomas orchestra in Chicago, was found dead in his room here. It is believed he committed suicide. Prof. Liefke has been living here for a year and a half.

Kills Girl and Himself.
Chicago, Oct. 22.—A romance reached a tragic culmination when Philip Lewis, aged 22, shot and killed Rose Adenberg, aged 16, and then turned the weapon upon himself, sending a bullet into his brain. The shooting took place in the saloon of Monahan & Loftus, 50 Twelfth street.

Cholera Kills 4,500 Persons.
Moscow, Oct. 22.—A dispatch from Kabul, Afghanistan, says that cholera has been raging there since July. There have been 4,500 deaths and the natives are escaping from the infected district to the east and spreading the epidemic.

Cuts Throat to Save Life.
New York, Oct. 22.—Physicians at Bellevue hospital today for the first time allowed Thomas Conroy, a patient, to take solid food. Conroy was hungry as an ox, and as soon as a plate of meat was in reach he seized it and began to shovel the meat into his mouth. In his haste he became excited. A short, thick bone with a sharp point fastened itself in his throat and he was plunged into agonizing pain in an instant. "This will never do," said Dr. Christian, and thrusting his hand into his pocket, he brought out his penknife and whacked open the throat of Conroy, who had already turned purple in the face and was in the last struggle for life. When the opening had been made in the throat Dr. Christian inserted a rubber tube, which allowed Conroy to breathe freely. Relief came at once and the doctor reached into the throat and extracted the bone. The gash in the throat was carefully sewed up and the patient was doing well late tonight.

Fights With Broken Neck.
New York, Oct. 22.—Walter B. Duryea has made a railway journey of 327 miles with his broken neck in a plaster of paris cast to be in Brooklyn at the commencement of his legal battle to retain the fortune left him by his father. Edgar E. Duryea died since the accident which has made his son's case famous in the history of surgery. Duryea's sisters are contesting the will, but he bids fair to outlive the time, which, under the provisions of the document, will make him the permanent owner of the bulk of a vast fortune.

Fever Rages in Havana.
New York, Oct. 22.—There are ninety-two cases of yellow fever in all at Havana, a dispatch to the Tribune states. Nineteen Americans are down with the disease. The death rate among the American victims has been 8 per cent.

The fever is decreasing now. There is no disposition on the part of the authorities to misrepresent the situation. The coming of so many Spanish immigrants has been the cause of the increase over last year.

Cinders Carried Fifty Miles.
Cinders from the forest fires on Cape Cod were carried by the wind as far as Boston, a distance of almost fifty miles, falling in the streets and the waters of the harbor in considerable

Charles Dudley Warner Dead.
Hartford, Conn., Oct. 22.—Charles Dudley Warner, of literary fame and one of the owners of the Hartford Courant, died suddenly Saturday afternoon. Mr. Warner had a very severe attack of pneumonia two years ago while in New Orleans and never fully recovered from it. Last spring he had pneumonia again while at his home, and this had weakened his heart. After luncheon Mr. Warner started on a walk. Among his acquaintances was a colored man, to whom Mr. Warner gave books to encourage his desire to read, particularly books connected with the history of the colored race, upon which Mr. Warner was an authority. Mr. Warner probably intended to call on this man, as he was in the neighborhood of his house when he was stricken.

Meets An Awful Death.
Chattanooga, Tenn., Oct. 22.—James Francis, an employee of the United States Leather company, was killed in a frightful manner at the company's tannery in this city. He was seated upon the top of a load of tan bark and the mules backed the wagon under a trestle, wedging his body between the timbers so tightly that the strength of the two animals was insufficient to move the wagon an inch. His body was bent almost double, the back being broken.

Officers of Whisky Trust.
New York, Oct. 22.—The new board of directors of the Distilling Company of America has elected these officers: President, S. M. Rice; first vice-president, Thomas Dolan; second vice-president, Edson Bradley; third vice-president, H. J. M. Cardeza; treasurer, A. P. Plummer; secretary, T. K. Wentworth.

Held Eastman For Murder.
Boston, Mass., Oct. 22.—Charles R. Eastman, instructor at Agassiz museum, Harvard, is under arrest at Middlesex county jail, East Cambridge, under an indictment found by the grand jury, charged with murder in causing the death of his brother-in-law, Richard H. Grogan, Jr.

Indians Are Defiant.
Denison, Texas, Oct. 22.—The Creek full-blood council has been joined by Choctaws, Chickasaws, Cherokees, and Seminoles. They are armed with Winchester. All declare they will stand by the treaty of 1866 and will not take allotment of lands. Colonel Sheeneffe, agent of the five civilized tribes, is confident that he can handle the situation.

Sherman's End Near.
Washington, D. C., Oct. 22.—The reports from the home of John Sherman at 1 a. m. were that ex-Senator Sherman had but a short time to live. He was in a stupor and apparently rapidly sinking. An hour later, however, the sick man rallied, recovering consciousness, and the doctors think now he may last several hours yet.

Laurel, Neb., Has Bad Fire.
Hartington, Neb., Oct. 22.—The town of Laurel has had a serious fire. The Park hotel, the lumber yards, state bank, and Everett and Waite block and two score of other buildings are in ashes.

Robert Buchanan Dying.
London, Oct. 22.—Robert Buchanan, the novelist, dramatist and poet, is suffering from a paralytic stroke. His condition is considered most critical.

Methuen Recaptures Zerkut.
Cape Town, Oct. 22.—Lord Methuen has recaptured Zerkut and captured numerous wagons, a large quantity of stores and many cattle and sheep.

Sit up in bed.

When it becomes necessary to sit up in bed to get your breath; when the least exertion such as walking, sweeping, singing, talking or going up and down stairs, causes shortness of breath, fluttering or palpitation; then it is time to do something to brace up and strengthen your failing heart. Take Dr. Miles' Heart Cure. It is best of all.

More Bank Deposits in States
That Bryan Is Hopeful
of Carrying.

Business Conditions Generally Im-
proving and Better Times
Prevailing.

Some of the Strongest Testimony
Comes from Candidate Bryan's
Own State.

In order to secure some up-to-date facts relative to conditions prevailing among the people all over the United States, and particularly in the western states, letters have recently been sent to business men in the large cities and in the country towns in those sections. The inquiries related to the bank deposits, and what betterment if any was noticeable among the borrowing classes. Some of the strongest replies that have been received come from Nebraska, Mr. Bryan's own state. It is to be noted that the only discordant note came from Deadwood, S. D. The complaint there was that gold is worth no more than it was four years ago, while other commodities have increased.

Some of the replies, in brief are summarized:

Colorado.—Brown & Nourse, attorneys for the First National bank: "The business of this part of the country has vastly improved under the republican administration. Cattle are worth twice as much as they were four years ago, sheep two or three times as much. Many of the farmers (or ranchmen) have paid up mortgages existing years ago. Collections are much easier to make and merchants have little trouble in collecting. We can safely say there is not a laboring man in the state of Colorado (who desires labor) who is out of work to-day."

Illinois.—J. R. Walsh (a democrat) president Chicago national bank: "I never knew a time when commercial paper was paid up more promptly than to-day; our notary complains that he has no protesting to do. The rate of interest is now very low. This is no doubt due to the additional currency issued under the new law, the enormous production of gold in this country, and more prosperous times generally."

A. G. Becker, dealer in cattle paper, Chicago: "About \$40,000,000 or \$50,000,000 annually are now loaned by eastern banks on cattle, where formerly this paper was never looked upon with favor. This, of course, has made it very much easier for the farmer to obtain his money, thereby buying more cattle, and instead of selling his corn he kept this for feed, and for raising hogs. Altogether it has been quite a revolution for the farmer all through the west, and we are very sure it has come to stay, of course on condition that we retain sound money and republican administration."

Indiana.—C. T. Lindsey, Cashier of the Citizens' national bank, South Bend, Ind., says: "Savings and commercial accounts in South Bend have increased over four years ago 55 per cent., and 150 per cent. each. In general our farmers are well to do, manufacturers are employing a world of men, running full time, and in some instances over time."

The Second national bank, Richmond, Ind.: "Bank deposits in our community have more than doubled in the past four years. At least 25 per cent. of the mortgages on farms in this locality have been paid. The merchants are experiencing a wonderful improvement in trade."

Indiana national bank, Indianapolis, Ind.: "Since 1896 bank deposits in this community have almost doubled. Interest rates on municipal bonds have greatly declined. There is considerably more money being loaned on mortgages by small investors."

Kansas.—Ira P. Nye, cashier national bank, Eureka, Kan.: "Deposits have increased about 25 per cent. since 1896. There has been an improvement in our local credits of from 20 to 25 per cent. Farm mortgages have decreased nearly one-half since 1896. The principal reason therefor is the universal prosperity brought on by a wise and judicious administration."

Kentucky.—L. C. Murray, president, the American national bank, Louisville, Ky.: "All bank deposits in this community have about doubled since 1896. The agricultural interests in this whole community have improved to such an extent as is really remarkable, and contentment and plenty are shown on all hands, and only political disturbances occur. We only hope that four years more of such prosperity can be attained, for this community has never before been in such a prosperous condition."

Michigan.—M. L. Williams, vice president, the Commercial national bank, Detroit, Mich.: "Both savings and commercial deposits have increased with us about 50 per cent. respectively, during the last four years; while credits of this district have increased about 25 per cent. The

improvement in the condition of the debtor class has been material.

Minnesota.—J. H. Dight, cashier First national bank, Duluth: "A number of our people in mercantile pursuits who had borrowed money and were unable to pay four years ago have largely reduced or wiped out their debts. Some who were in good financial condition have become very much better off. We do not know of any merchants of business capacity who have not very materially improved their position."

A. L. Ainess, president Scandinavian-American bank, St. Paul, Minn.: "This bank's deposits compared with three years ago have increased 60 per cent. I estimate 65 per cent. of mortgages on homesteads of mechanics, laborers and small business men have been paid and 25 per cent. have been reduced. Money has been cheap and abundant since 1897."

Montana.—H. H. Matteson, cashier First national bank of Great Falls, Mont.: "Bank deposits show an increase in our community as compared with four years ago of 118 per cent. Four years ago our sheep interests, which comprised almost wholly our borrowing class, were heavily in debt. To-day, while they have not become loaners of money, they are far less in debt, and as a general rule are carrying increased flocks."

Nebraska.—S. H. Burnham, president First national bank of Lincoln, Lincoln, Neb.: "Bank deposits have increased in the banks of this city during the past five years 64 per cent. Never in the history of this state has money been at so low a rate on good securities as it is at the present time. Farmers can borrow all the money they want on first mortgages on their farms at five per cent. interest, while four years ago it was difficult for them to get it at all. Four years ago it was almost impossible for a business man to borrow a dollar from any bank in the city of Lincoln, while today we are loaning as low as five per cent. A very large percentage of mortgages have been paid, or at least a portion refunded at a much lower rate of interest."

North Dakota.—Union national bank, Grand Forks, N. D.: "Bank deposits in our community, as compared with four years ago, have shown from 25 to 30 per cent. increase, including both savings and commercial accounts. This country is 25 per cent. ahead what it was four years ago in general prosperity."

First national bank, Fargo, N. D.: "The bank deposits in our community show a good increase over four years ago, running from 20 to 30 per cent. A good many mortgages have been paid up since 1896, some mortgages which could not in 1896 be renewed at ten per cent. can now be renewed at six and a half to seven per cent. The cheapening of money has helped out our city and state wonderfully."

Ohio.—Charles A. Hirsch, president Fifth national bank, Cincinnati, O.: "Deposits and clearings in this city have increased in the neighborhood of 33 per cent. as compared with conditions as they existed four years ago. The deposits of this bank have increased 300 per cent. Most of our local debtors are in very much better condition now than they have been for many years. The increased balances of country banks indicate the payment of farm mortgages, due to the improved condition of the farmer."

South Dakota.—C. L. Oleson, cashier Security bank of Dakota, Howard, S. D.: "I take much pleasure in informing you that the deposits of our bank as compared with four years ago are now just 100 per cent. larger. Ten farm mortgages are now paid off to every one that goes on record, while then (four years ago) none were paid off, and great quantities went on record."

William Selbie, cashier American national bank, Deadwood, S. D.: "This community is not a criterion of general prosperity, for gold mining is our main industry, and some of our heaviest savers among the laboring classes have taken their savings, often considerable in amount, in going to Alaska. In the agricultural district around us, however, the change has been very marked. A great many debts have been paid off, and the bank deposits have been doubled."

LARGEST STOVE PLANT IN THE WORLD

Minor details, as well as the most important, are carefully looked after in the construction of Jewel Stoves and Ranges. It is an aggregation of perfect features, small and large, that makes the perfect stove. This fairly accounts for the high merit of the Jewels. In point of efficiency, convenience, durability, design and finish, they outrank all other makes. Ask the dealer for them, and look for the above trade mark.
